Proficient

Hindi  
Native

## PROJECTS

### Discounted Cash Flow Model

A project creating a Discounted Cash Flow Model for Nestlé.

- Developed a foundational financial model for Nestlé utilizing the Discounted Cash Flow (DCF) methodology.
- Used numbers to predict Nestlé's future money flows, helping to understand its financial health.
- Analyzed Nestlé's financial data to figure out its true value, aiding smart investment choices.
- Combined research and financial predictions to make the DCF model for Nestlé more accurate.
- Used spreadsheet tools to build and improve the financial model, showing expertise in data analysis.
- Work pooling with others to collect data, ensuring a solid and well-informed DCF model for Nestlé.
- Figured out how much it costs for Nestlé to get money, considering both loans and ownership shares, to help understand how safe and profitable investments could be.
- Utilized financial expertise to calculate costs, ensuring informed decisions on money and investments.

## STRENGTHS

### Hardworking
